

- Despite this course being quite challenging learning the in depth details of research, Maria was very thorough in all her explanations and very patient with any questions I had regarding any assignment. It was clearly evident that she was passionate about this course and truly cared about each one of us and our success.
- Maria is a wonderful professor. Her interest & enthusiasm for what she teaches is clearly expressed and she goes out of her way to make sure students understand the content & feel supported. I hope to take FSA 652 with Maria this summer ☺
- I feel that she is an amazing professor and has really helped prepare me to be a better teacher. I really struggle with research and she taught it in a way that I was able to excel in her class. Thank You
- Maria is an amazing teacher to begin my grad program with. She is understanding and extremely helpful. I'm looking forward to taking many more classes with her!
- Maria is by far the best instructor that I have ever had. She's creative, loves teaching, & is always available to communicate & help. She has a passion for research & makes this class fun! Her thoughtful comments are always helpful & insightful. Maria is the best!
- One of the best classes/prof's I've had in grad or undergrad. Maria is knowledgeable and passionate about what she does and has helped me through the most difficult semester of my life. I look forward to next semester with Maria for a prof. again. Thank you!
- Maria is very passionate about the research class and is best fit to teach the course! I have gained a lot of knowledge with the course!
- Great teacher, really cares about students on an individual level and is very helpful in all aspects.
- Maria is an excellent professor she is enthusiastic and encouraging about research and learning in general. She is so supportive. I totally recommend her!
