Dear Maria,

I am pleased to let you know that your chapter proposal entitled: [A label and a nursing home: an unexpected journey with my mother](#) is accepted for inclusion in my edited volume *Constructing the (m)other: Narratives at the intersection of motherhood and the politics of normal*.

During the next month, I will be communicating with authors to provide detailed feedback on their proposals, and suggestions for developing your piece moving forward. At this time, I'd like to inform you of the decision and I officially invite you to be a contributing author in this volume.

Please confirm receipt of this communication, and please let me know if you continue to be interested in being a contributing author in this project..

I will be submitting the book prospectus soon. Please be aware that the publishers retain the authority to reject any particular contributions, and therefore, my acceptance is not a guarantee of publication in the volume.

Having said that, I anticipate having a contract soon, and I am delighted to invite you on board!

Please let me know if you have further questions.

Also, please send me your full contact information and affiliation; it is needed for the submission with the book prospectus.

Thank you for your proposal

Priya
